

TikToks — Detection vs. Interpretation Disagreement (majority-YES instances, n=1202)

Detection converges:
Task 3.1 entropy = 0.293
(moderate, below midpoint)

Interpretation diverges:
Task 3.2 entropy = 0.117
(near maximum of 1.0)

Task 3.3 Jaccard = 0.642
(low category overlap)

People agree something
sexist is happening, but
disagree on what was
intended and what kind.
