

Tweets — Detection vs. Interpretation Disagreement (majority-YES instances, n=3152)

Detection converges:
Task 1.1 entropy = 0.538
(moderate, below midpoint)

Interpretation diverges:
Task 1.2 entropy = 0.876
(near maximum of 1.0)

Task 1.3 Jaccard = 0.382
(low category overlap)

People agree something
sexist is happening, but
disagree on what was
intended and what kind.
